

Trafford Wall of Vision

**Put yourself ten years into
the future, it is 2021.
Visualise the sort of
communities you really
want in Trafford.**

Be bold!

I will be most proud of community life in Trafford when.....

What do you see in the future that is new and better?

How are people getting involved?

How are people behaving?

What results are there?

What practical activities do we see happening on the ground?

**Choose a creative, visual
way to present your
collective vision**

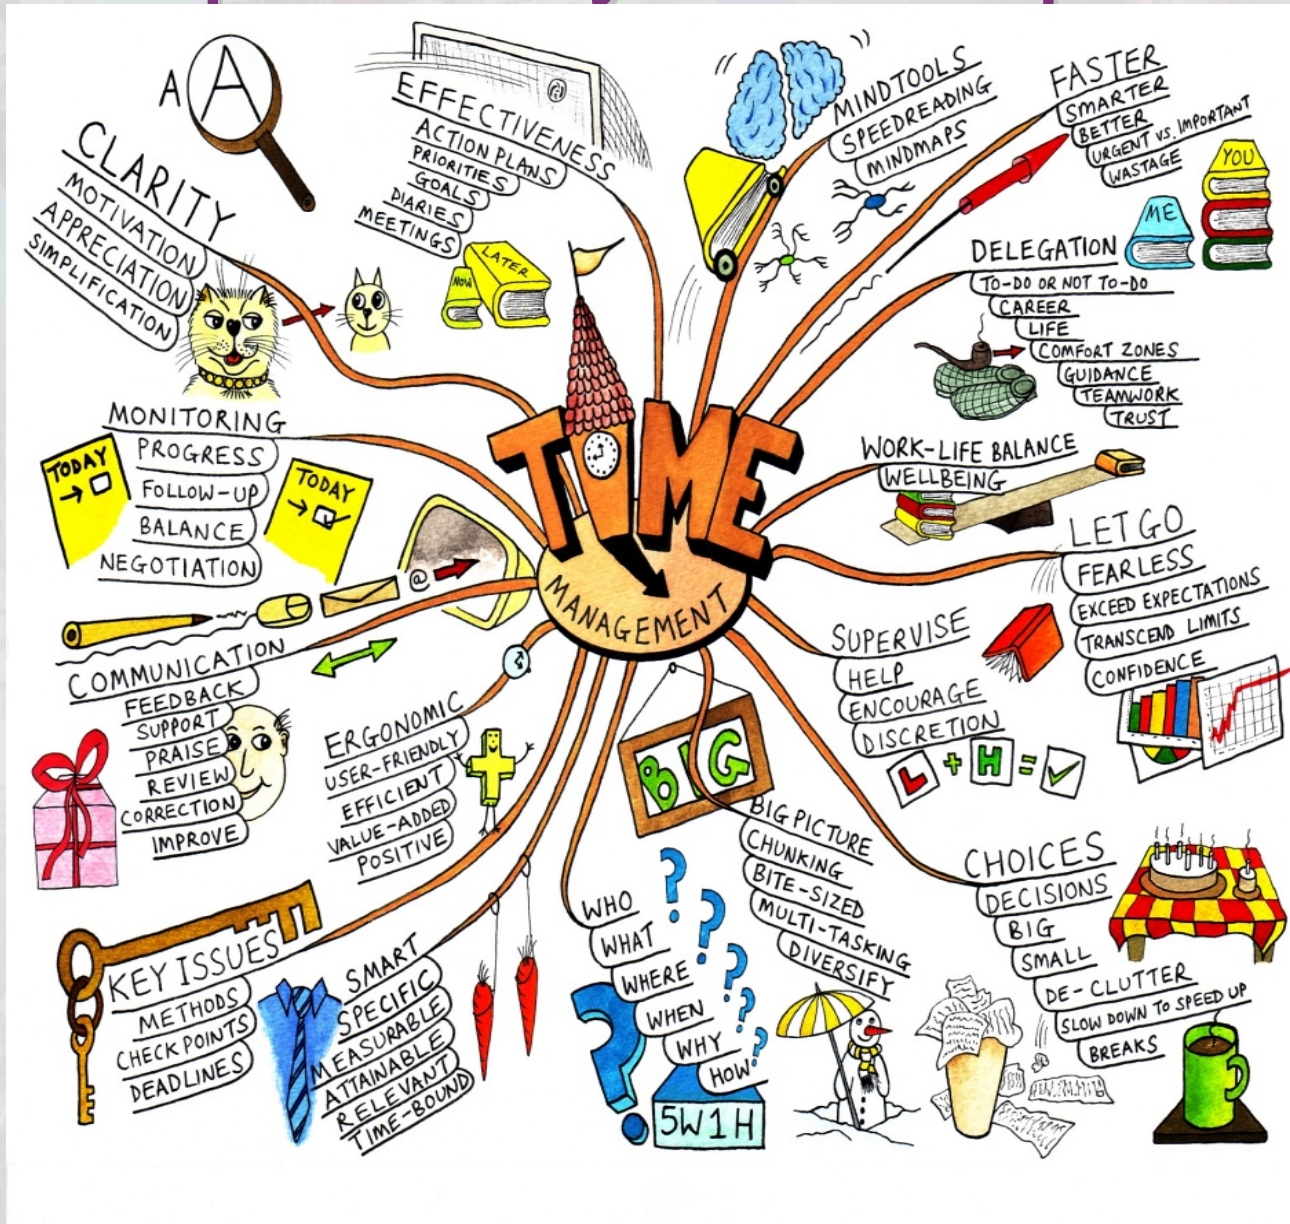

- picture

- mind-map

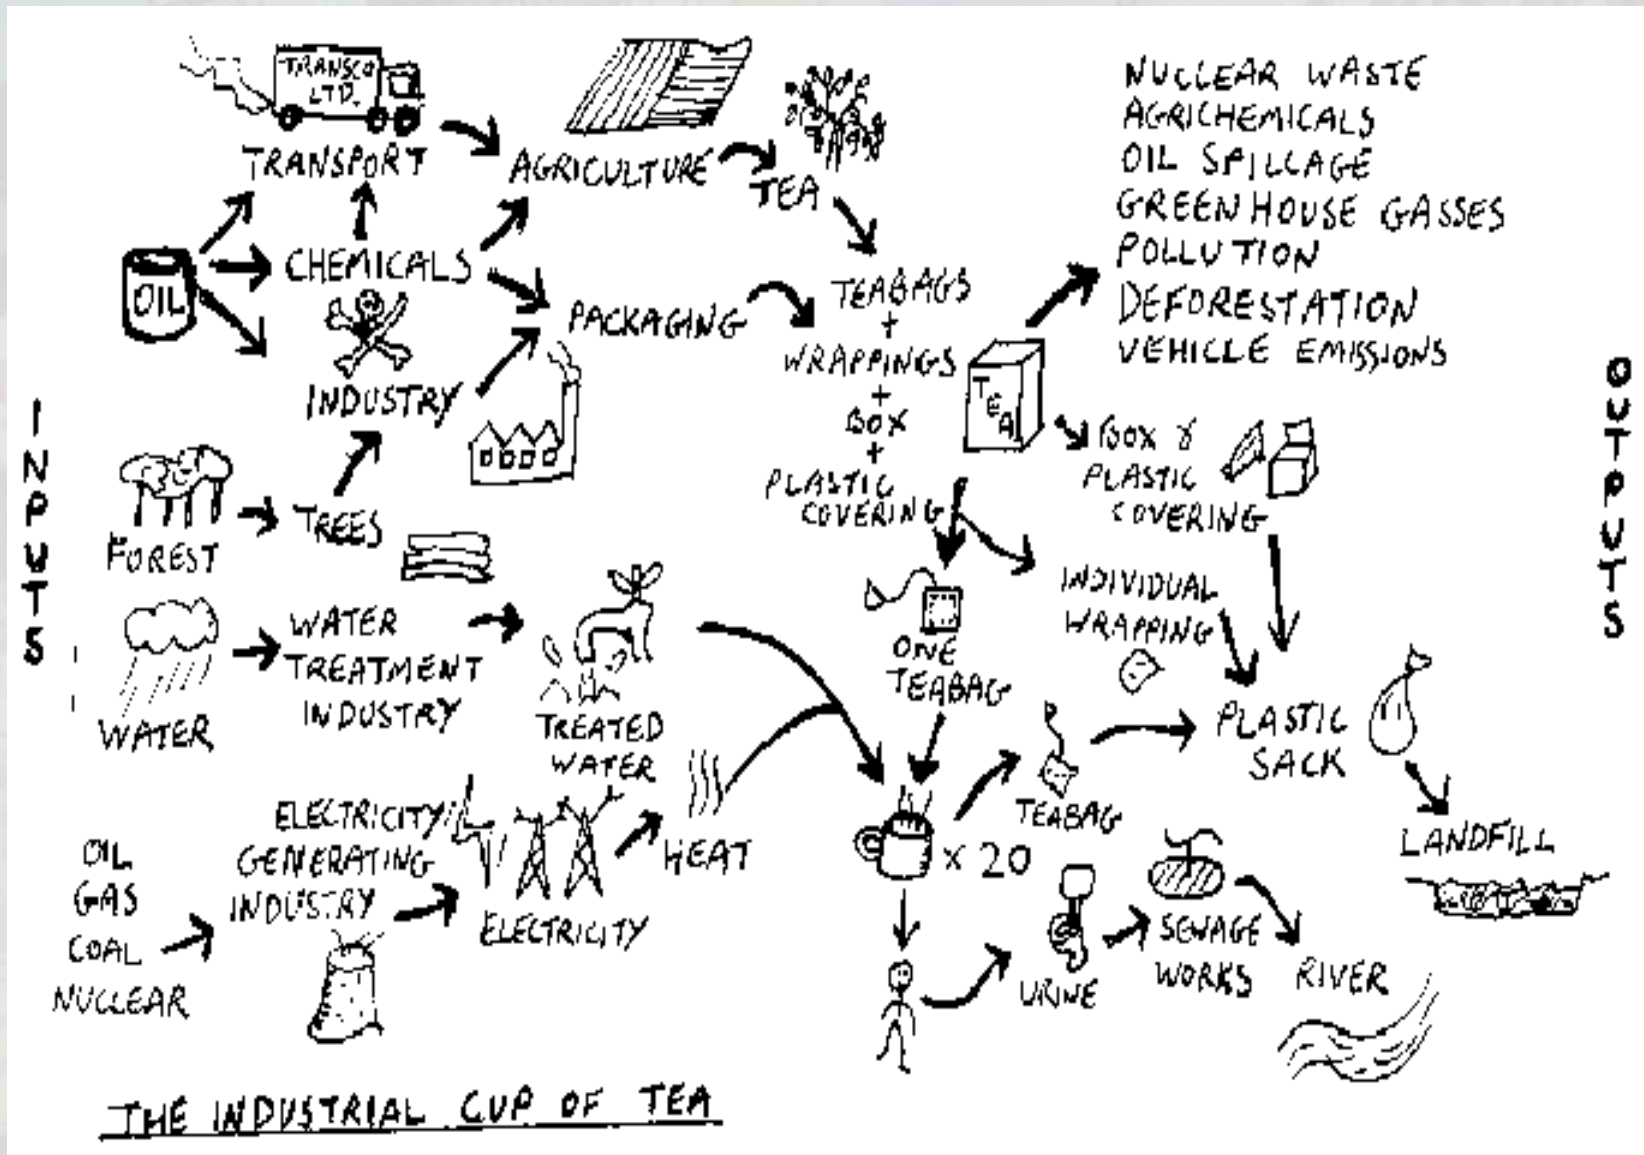

- storyboard

- front page of newspaper
